What is LOMA?
LOMA is an Atlanta-based international association of insurance and financial services companies. Serving more than 1,200 member companies in the U.S., Canada and worldwide, LOMA promotes excellence in management and operations in the insurance and financial services industry.

Information exchange, conferences, research, education and other activities help LOMA’s membership deal with challenges in the areas of technology, financial management, customer service, human resources and education. LOMA’s FLMI Program has long been a designation of professionalism for the life insurance industry, and other LOMA courses develop expertise in financial services.

LOMA has 48 committees and councils composed of more than 1,000 upper management officials from member companies. These meet regularly to discuss issues, and all committee members receive Resource. Learn more about LOMA at www.loma.org or e-mail askloma@loma.org.

Who reads Resource?
Resource, LOMA’s official magazine, is aimed at the upper and middle management of LOMA’s member insurance & financial services companies. In fact, Resource is the only insurance magazine devoted exclusively to overall insurance company management and operations. Readers include chairmen, presidents, CEOs, CIOs, vice presidents and other top management officials of LOMA’s 1,200 member companies. Circulation is about 11,000 worldwide. Through pass-throughs and route lists, total readership is approximately 30,000.

More than life insurance! P&C also!
LOMA members are involved in more than life insurance. Our members are involved in annuities, pensions, mutual funds and related financial services. Many are also in the P&C business (about 25 percent). LOMA has several P&C committees.

What subjects does Resource cover?
Resource, published six times a year, provides readers with information about insurance and related financial services company management. Topics covered include industry trends, technology, computer systems, software, operations, customer service, human resources, financial management, strategic management, and education. Resource keeps readers informed about industry management through staff by-lined articles, case studies, contributions by industry officials, and LOMA research. Resource is available in both print and on-line versions.

What is the quality of Resource?
Resource and the staff have received many awards for excellence. The magazine has received more than 50 awards from national and international organizations. In readership surveys, more than 80 percent have rated Resource as above average or excellent in quality. Many decision-makers distribute Resource articles to their employees for information and education purposes.

Reading time and use of articles and ads
Readership studies confirm the average reader spends about 30 minutes reading Resource, and over 14% say they spend an hour or two. A high percentage have used Resource information in their job in the last year, and over 20% have visited an advertiser’s web site in the last year.

Enhanced Digital Edition!
We started an enhanced digital edition of Resource in mid-2019. With interactive features, including hot links back to advertiser websites, this gives even more exposure to LOMA members.

Audit: Resource is a non-audited publication. Provided to 1,200 LOMA member insurance companies as a member benefit and as part of LOMA dues, Resource is distributed monthly to each member company’s corporate management team. LOMA’s membership is company-based, not individual-based.
Why advertise? Because Resource readers are active and involved in LOMA, and they value Resource!

You want to make sure your ads are noticed. If you want to reach life insurance/financial services industry management, the best way to do that is to advertise in Resource, LOMA's official magazine.

LOMA is an internationally respected association specializing in life insurance/financial services management and operations. LOMA’s Resource has a circulation of 12,000 executives at the 1,200 companies that are LOMA members. (LOMA member companies account for 95 percent of the assets of all life insurers in North America).

These Resource readers are active and involved with LOMA. They attend LOMA conferences and seminars; they participate in LOMA education programs; they are members of LOMA committees and councils, they serve on LOMA’s board of directors; and they serve on LOMA task forces. And they all turn to Resource for news of the industry and information about LOMA’s programs and activities.

No other insurance publication can offer you such involvement!

For example, the 48 LOMA councils and committees are extremely well known in the industry. Composed of top insurance executives, they meet several times a year to discuss industry issues and perform cooperative research and projects in the areas of technology, service, human resources, financial management and other topics. Resource goes to every one of these council and committee members.

Readers value Resource; they spend an average of 30 minutes reading it each month. Over 65% of readers rate Resource as above average or excellent in quality.

The courses in LOMA’s educational programs are utilized by more than 50,000 individuals worldwide every year. Global standards of professional development, our designations are held by all levels of management at more than 1,000 companies, and many future leaders are working on their LOMA designation right now. About 70 percent of current Resource readers have their FLMI or FFSI. Resource is a benefit they value as a means to keep up with industry trends, essential information, and LOMA.

You want involved readers—you’ll get them with LOMA’s Resource.

Resource readers act!
Over two-thirds of our readers report they have taken some action after seeing ads and articles. Most common are:

- Visited an advertiser’s web site
- Discussed with others
- Passed along to others
- Kept ad for reference

Readers are highly involved in purchasing decisions for a wide variety of systems, consulting, and services.

LOMA Resource Sponsored Webinars

A unique thought leadership opportunity to reach LOMA members

Companies who supply products or services to the insurance industry can submit a sponsored webinar proposal through LOMA’s Resource magazine. Companies submitting a proposal must agree to provide content that meets LOMA standards and is informational in nature, rather than promotional. LOMA will need to approve the topic in advance and make sure it is of interest to our members. Upon LOMA’s acceptance of the topic, we will schedule a mutually agreeable date and time for the webinar and promote the webinar to our members through e-mails, banner ads and print ads. Here are details:

Webinar Package Includes:

1. We will send 3 e-mail blasts (normally to some or all of the Resource magazine reader list and also targeted names from the LOMA database) promoting the webinar. Size of list depends on topic.

2. We will send reminder e-mails prior to the webinar to those who have registered.

3. We will place a banner ad on the LOMA website promoting the webinar (run of site, subject to rotation), for one month prior to webinar.

4. We will create a webinar registration page on our website.

5. Depending on timing, the webinar may also be promoted in LOMA’s monthly e-newsletter prior to the event.

6. A 1-page print ad for the webinar will be included in an issue of Resource magazine, month depends on timing of the event.

7. The webinar presentation will be hosted through an outside webinar site. The webinar will be co-branded with LOMA/Resource and the sponsor.

8. Contact info of those who sign up for the webinar will be provided to the sponsor. This is done after the webinar is held and after the first payment is received.

9. The webinar will be recorded and posted on the LOMA website for 2 months in the Sponsored Webinar section.

Timetable: Normally we need about 60 days after the proposal is approved. We will establish a more detailed schedule when the webinar is approved.

Pricing: Contact your ad representative or the Resource publisher.

Sponsored Surveys

LOMA’s Resource will partner with you to conduct a survey on a topic of interest to the LOMA membership. We will survey our members on this topic and report the results in Resource article and promote it though a news release. You may also promote the results.
