How to Request Transcripts

Use this form to request transcripts for academic use or for your personal information. Use a separate form for each request. Requests may also be made directly through LOMA's learning system at www.loma.org. The fee for each request is **\$35**.

Records preparation and mailing takes **two to four weeks** from receipt of your completed request.

1. Download this request form. You can fill it in onscreen and print it, or print it first and then complete it by hand.
2. In Section A, indicate the type of verification/transcript you need.
3. Fill out the required information for the type of transcript request you're making.
 - For a copy of your transcript for your personal use, provide your student information.
 - For academic evaluation by a school or professional program, provide both your student information and the mailing information for your academic or professional institution.

Note: Colleges require original documents to be sent directly from LOMA. A duplicate copy of the verification will be sent to you on the same day as confirmation that your request has been completed.

4. Fill in your method of payment and payment information.
5. Return completed form by mail, fax or scanned email to:

Additional Notes

- Verification documents show only successfully completed courses and passing grades.
- Because transcripts contain numerical scores, they cannot be requested by an employer for company personnel records.
- You may fax your request to LOMA, but completed transcripts cannot be faxed to you or the person or agency specified in your request.

Call the Registrar's Office at 770-984-3761 or email education@loma.org if you have any questions.
