

2019 Course Enrollment Fees — North America (English)

Course fees are based on:

1. **A company's LOMA membership status.** Participation in LOMA Education Programs or activity does not constitute LOMA membership, nor does it qualify an organization for member company rates. See <https://www.loma.org/About/Membership>.
2. **The location where the exam will be administered.** Exams administered at Prometric Testing Centers include a surcharge.
3. **The course and exam delivery format.** The fees shown below include the cost of all required study materials, the exam enrollment, grading, and credit towards a designation. No additional purchase is necessary. *Self-Proctored* courses have the exam integrated within the course material or accessible through the course portal. Courses with a *proctored* exam may have an optional printed textbook available for an additional fee. Visit www.lomabookstore.com.

Member and nonmember companies can be invoiced for course enrollment fees. Independent students must pay fees at the time of enrollment. All fees are shown in U.S. dollars and must be paid in U.S. dollars by VISA, MasterCard, American Express, check, money order, or bank transfer. Fees are non-transferable between students and courses. Courses with proctored exams are eligible for a \$100 retake fee discount when a student who receives a failing grade on the original examination re-enrolls for the course within six months after sitting for the original examination.

¹ Learners who enroll for self-proctored courses will complete a self-proctored exam at the end of each course module.

² Self-proctored exams for these courses are timed, and learners must successfully complete each end-of-module exam in two attempts in order to pass the course.

³ May 2019 is the last paper exam for ACS 100, LOMA 335, and LOMA 361

⁴ November 2019 is the last paper exam in English for LOMA 357

⁵ CX 50 is a gamified course that allows a learner to take on different roles within a fictional insurer, make staff- and company-level decisions, and see how they affect the experiences of customers. This course is one of the requirements in a new LOMA certificate program. For information, see <https://www.loma.org/ProfDev/Designations/Certificates/CCXE>

¹ Certain exams administered in Canada, including those for independent students, are subject to a \$20 (U.S.) per exam surcharge. This fee is in addition to the base exam fee and other applicable fees. The Canadian surcharge applies only to FLMI exams and the ACS 100 and 101 exams. All exams administered in Canada are subject to the Canadian Goods and Services Tax (GST). The GST applies to the course/exam fee, the Canadian student surcharge, and any applicable Prometric Fees. LOMA does not collect the GST; Canadian companies and independent students must self-assess any liability they incur.

² If you do not complete your course requirements within your six-month access period and re-enroll in the course within one month of the end of your course access period, or for the next paper exam administration cycle for paper exams, you qualify for the discounted course extension fee. Otherwise, you may re-enroll at the full course price.

³ Enrollments received after paper enrollment deadlines require additional administrative processing; therefore, a missed deadline fee per student, per exam is charged. Missed deadline fees apply to paper exams only. After LOMA's official paper enrollment deadline, enrollments may not be cancelled.

⁴ Transfer credit fees are fees for transferring pre-approved course credit from other industry educational programs to applicable LOMA designation program courses. The fee is a per-course fee charged at the time of application. For a transfer credit application, visit <http://www.loma.org/HelpCenter/PDFs/Forms/TransferCreditApplication.pdf>.
