# LIC Final Expense Survey Report (2018 Sales Data)

Each year, the Life Insurers Council conducts a comprehensive survey of the final expense insurance market. The latest report covers 2018 sales data.

The sales potential for final expense has inspired much interest among carriers, resulting in a variety of specialized distribution tactics. A number of large independent marketing organizations focus specifically on final expense sales. These IMOs rely heavily on direct mail leads and single interview sales that are product- and need-specific, resulting in a very precise process that is fairly consistent among carriers. Final expense carriers using this form of distribution and this specific process of selling and marketing are the primary focus of this report.

This year 25 companies provided new premium data, and the report provides in-

depth information about current sales, trends over time, and new business processing, as well as other topics of interest.

The report can be purchased from LIC in print or PDF format for \$1,055. LIMRA and LOMA members receive a discounted rate of \$850, and for LIC member companies the report is free as a benefit of membership. Please see the attached form to order copies or contact lic@loma.org for information.
